

Your Outdoor Classroom

Grades K-12! *at YOUR SCHOOL!*

December through March dates are now available!

Schedule an excellent day of Environmental Education and hands-on learning designed using Virginia SOLs for YOUR students in YOUR class, team, grade level, or special group. Each day's programming is tailored to meet YOUR needs for YOUR unit to maximize learning throughout the year!

Single-period/block, multi-period/block and multi-day experiences are available.

Possible choices for your day: (Available for grades K-12!)

MEANINGFUL WATERSHED EXPERIENCES

pollution CONSERVATION recycling SOLAR SYSTEM
map skills ECOLOGY WINTER SURVIVAL team building
CLASSIFICATION aquatic/terrestrial studies ROCK CYCLE
lifetime sports/canoeing PHYSICAL/CHEMICAL CHANGES
FOOD/ENERGY CHAINS human impact on resources
cooperative games COMMUNICATION SKILLS character ed.
Other topics and SOL-based plans are available per your request!

Cost: \$150 per day. (Larger classes may incur additional fees.)

Facility: Lessons can be held in your classroom or elsewhere in your school's facility OR we can utilize the outdoor settings in and around your school's grounds.

Leader: Y.O.C. is led by Beth Wiegandt. Beth has a Masters degree in Environmental Education from UVa and has taught many years in Virginia Public Schools. She has developed excellent outdoor programs for schools and camps and is a facilitator for other outdoor learning series.

Schedule your experience TODAY:
