April 10 * May 15 * May 22

Opportunities to Volunteer While Practicing Disaster Response Skills

Camp Bethel and the Virginia Disaster Response Committee are partnering together on construction and repair projects in preparation for upcoming 2021 Summer Camps!

Many persons in the Virginia District have volunteered with Brethren Disaster Ministries through the Virginia Disaster Response Committee and traveled to areas of the country and beyond to assist with disaster recovery projects. Many other persons have wanted to do the same but have been unable for any number of reasons.

Here is where you come in! Whether or not you've volunteered before at Camp Bethel or volunteered with Brethren Disaster Ministries you now have an opportunity to support new construction and repair projects at Camp Bethel this month and next!

Choose one or more days: Saturday, April 10, Saturday, May 15, and Saturday, May 22, you are invited to come to Camp Bethel to be briefly oriented to "a day on a Brethren Disaster Project" and to be involved in construction and repair projects. No matter your skill level, all persons are welcome and there will be projects for everyone!

For project information, to register your attendance and (free) lunch, and to indicate whether you need (free) overnight lodging, visit
www.CampBethelVirginia.org/volunteer
